

Full HD 4G Body-word DVR M70H

With the industrial-grade design concept, this 4G body-worn dvr use the high-speed processor and embedded operating system, integrated with audio and video compression/global positioning/wireless transmission/alarm and other functions as a whole. It can be deployed these projects like outdoor remotely dispatching with different kinds of external cameras equipped and powerful CMS software system.

Key features :

- Ip65, industrial-grade design
- 2.4 inch HD LCD with exquisite image
- Suitable for handheld, waist-worn, shoulder-worn with seperated DVR and camera design
- Removable battery for better recharging and bring; optional charging cradle
- Support 4G/WIFI; Dual streaming technology
- Support GPS/BD/GLONASS
- Support bluetooth earphone, bluetooth handheld mic, etc.
- Support up to 128G Micro-SD card
- Powerful software platform like remote view, playback, download, broadcast, dual-talk, etc

Industry Applications:

Police

City
management

Board
guard

Cival
police

Financial
convoy

Industry
inspection

Insurance

Specification :

Portable design		Portable mini system; able to equipped with different cameras based on applications; option recharging cradle;					
User interface		Support E-set, remote, Micro SD card, button configuration					
Language		English/Chinese, others(customized)					
Security		Multiple grade secure password management					
Video	Input	Special external HD cameras					
	OSD	Overlays letters... like date /time, vehicle ID, GPS, etc into the video					
	Compression	H.264/H.265 with industrial high speed processor					
	Multiple streaming	Record with main streaming, net transmitting second streaming, picture snap third streaming					
	Resolution	1080P/720P/D1 option					
	BitRate	D1: 512kbps/768kbps/1024kbps/1536kbps/2048kbps					
		720P: 1024kbps/2048kbps/3072kbps/4096kbps/5120kbps					
1080P: 2048kbps/3072kbps/4096kbps/5120kbps/6144kbps							
Live view	Live video view locally						
Audio	Input	Bluetooth device input					
	Output	Bluetooth device output					
	Compression	G.726					
Record	Storage	Support 1pcs 16G ~ 128G micro SD card					
	Format	ASF/FAT32					
	Record plan	Default power-on record, support manual record, alarm record, etc					
LCD parameters		2.4 inch, TFT, 480 x 234					
Wireless transmit	Built-in 3G/4G module						
	Compatible with GPRS, EDGE						
	Built in WIFI, support hotspot						
Localization		Built-in GPS/BD/Glonass(option), Support AGPS					
Firmware upgrading		Support Micro-SD card upgrading, network upgrading					
External port		Special port for data export, device recharging					
Power supply	Power manage	On/off manual, support LCD-off manual, over-time LCD Off					
	Battery capacity	7.4V 1900mAh (14WH)					
	Recharging time	< 3 hours					
	Working time	≥5hours					
Work Environment	Temperature	-20℃ ~ +60℃					
	Humidity	10% ~ 95%					
Size	DVR	66(W) x130(H) x30(D) mm
